The History of Loneliness | The New Yorker

A History of Loneliness by John Boyne is a stunning and unflinching novel of the scandal that came to light in the early twenty-first century surrounding the Roman Catholic Church in Ireland. This travesty culminated in the trials of many priests accused of sexual abuse over the years, largely due to the complicity of the hierarchy of the Dublin diocese in denial and in moving offending priests from one parish church to another.

Although loneliness has always been part of human existence, it has a relatively short history as a subject of psychological investigation. As developed by the psychiatrist John Bowlby during the second half of the 20th century, attachment theory emphasizes the importance of a strong emotional bond between the infant and the caregiver; it stands as a forerunner to contemporary theories of loneliness.

Loneliness | The Conversation

A longtime priest in Ireland witnesses a dark period for the Catholic Church in the face of allegations against his colleagues, a downfall that reopens a wound from his past and forces him to recognize his own complicity. Reading-group guide. By the best-selling author of The Boy in the Striped Pajamas.

The riveting narrative of an honorable Irish priest who finds the church collapsing around him at a pivotal moment in its history
Propelled into the priesthood by a family tragedy, Odran Yates is full of hope and ambition. When he arrives at Clonliffe Seminary in the 1970s, it is a time in Ireland when priests are highly respected, and Odran believes that he is pledging his life to "the good." Forty years later, Odran's devotion is caught in revelations that shatter the Irish people's faith in the Catholic Church. He sees his friends stand trial, colleagues jailed, the lives of young parishioners destroyed, and grows nervous of venturing out in public for fear of disapproving stares and insults. At one point, he is even arrested when he takes the hand of a young boy and leads him out of a department store looking for the boy's mother. But when a family event opens wounds from his past, he is forced to confront the demons that have raged within the church, and to recognize his own complicity in their propagation, within both the institution and his own family. A novel as intimate as it is universal, A History of Loneliness is about the stories we tell ourselves to make peace with our lives. It confirms Boyne as one of the most searching storytellers of his generation.

'Gripping, harrowing and extremely moving... A painfully page-turning read.' - The Sunday Times
Clonliffe Seminary, 1972. Odran Yates arrives after his mother informs him that he has a vocation to the priesthood. He is full of ambition and hope, dedicated to his studies and keen to make friends. Forty years later, Odran' s devotion has been challenged by the revelations that have shattered the Irish people' s faith in the Church. And when a family tragedy opens wounds from his past, he is forced to confront the demons that have raged within a once-respected institution, and recognize his own complicity in their propagation. From the award-winning author of The Heart' s Invisible Furies, comes this courageous and intensely personal tale.

Een Ierse jongeman studeert na zijn seminarietijd af in Rome en belandt daarna in een steeds groter wordend isolement door een snel veranderende samenleving en schandalen binnen de Rooms-Katholieke kerk.

Despite 21st-century fears of an 'epidemic' of loneliness, its history has been sorely neglected. A Biography of Loneliness offers a radically new interpretation of loneliness as an emotional language and experience. Using letters and diaries, philosophical tracts, political discussions, and medical literature from the eighteenth century to the present, historian of the emotions Fay Bound Alberti argues that loneliness is not an ahistorical, universal phenomenon. It is, in fact, a modern emotion: before 1800, its language did not exist. And where loneliness is identified, it is not always bad, but a complex emotional state that differs according to class, gender, ethnicity and experience. Looking at informative case studies such as Sylvia Plath, Queen Victoria, and Virginia Woolf, A Biography of Loneliness charts the emergence of loneliness as a modern and embodied emotional state.

The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society incarcerates her, Stephen is forced into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.

"When Kristen Radtke was in her twenties, she learned that, as her father was growing up, he would crawl onto his roof in rural Wisconsin and send signals out on his ham radio. Those CQ calls were his attempt to reach somebody--anybody--who would respond. In Seek You, Radtke uses this image as her jumping off point into [an] ... exploration of loneliness and the ways in which we attempt to feel closer to one another"--

The instant New York Times bestseller and publishing phenomenon:
Marina Keegan' s posthumous collection of award-winning essays and stories " sparkles with talent, humanity, and youth " (O, The Oprah Magazine).
Marina Keegan' s star was on the rise when she graduated magna cum laude from Yale in May 2012. She had a play that was to be produced at the New York Fringe Festival and a job waiting for her at The New Yorker. Tragically, five days after graduation, Marina died in a car crash. Marina left behind a rich, deeply expansive trove of writing that, like her title essay, captures the hope, uncertainty, and possibility of her generation. Her short story " Cold Pastoral " was published on NewYorker.com. Her essay " Even Artichokes Have Doubts " was excerpted in the Financial Times, and her book was the focus of a Nicholas Kristof column in The New York Times. Millions of her contemporaries have responded to her work on social media. As Marina wrote: " We can still do anything. We can change our minds. We can start over...We' re so young. We can' t, we MUST not lose this sense of possiibility because in the end, it' s all we have. " The Opposite of Loneliness is an unforgettable collection of Marina' s essays and stories that articulates the universal struggle all of us face as we figure out what we aspire to be and how we can harness our talents to impact the world. " How do you mourn the loss of a fiery talent that was barely a tendril before it was snuffed out? Answer: Read this book. A clear-eyed observer of human nature, Keegan could take a clever idea...and make it something beautiful " (People).

From internationally bestselling author Benedict Wells, a sweeping novel of love and loss, and of the lives we never get to live " [D]azzling storytelling...The End of Loneliness is both affecting and accomplished -- and eternal. " —John Irving
Jules Moreau' s childhood is shattered after the sudden death of his parents. Enrolled in boarding school where he and his siblings, Marty and Liz, are forced to live apart, the once vivacious and fearless Jules retreats inward, preferring to live within his memories – until he meets Alva, a kindred soul caught in her own grief. Fifteen years pass and the siblings remain strangers to one another, bound by tragedy and struggling to recover the family they once were. Jules, still adrift, is anchored only by his desires to be a writer and to reunite with Alva, who turned her back on their friendship on the precipice of it becoming more. But, just as it seems they can make amends for time wasted, invisible forces – whether fate or chance – intervene. A kaleidoscopic family saga told through the fractured lives of the three Moreau siblings, alongside a faltering, recovering love story, The End of Loneliness is a stunning meditation on the power of our memories, of what can be lost and what can never be let go. With inimitable compassion and luminous, affecting prose, Benedict Wells contends with what it means to find a way through life, while never giving up hope you will find someone to go with you.

Loneliness has reached epidemic proportions. We have lost the art of connection and relationship, and it' s killing us. Odds are good that you have a loved one or friend whose struggle with addiction, mental illness, suicidal thoughts, or self-injury stems from loneliness. Maybe it' s you. Perhaps you' re feeling depressed or anxious, struggling with compulsive behavior, or simply questioning whether you are truly seen, loved, and valued. The culprit could well be that you' re lonely. Dr. Mark Mayfield understands the crisis well, as it led to him nearly taking his own life as a teen. As a board-certified counselor, he has built a reputable counseling practice on the forefront of brain science and attachment therapies, dedicating his life to helping adults and adolescents confront their feelings of isolation and alienation. He is relied upon by new and experienced counselors for training, and he has become an anchor and guide for community leaders, educators, and faith leaders. When you read and apply the practices in The Path out of Loneliness, you' ll develop habits that move you from isolation to connection. You' ll learn the importance of attachment, the art of connection, the power of relationships, the priority of personal responsibility, the gift of vulnerability, and the vision of God, who knew from the beginning that it' s not good for us to be abandoned to ourselves. This book will guide you, the people you love, and the community you live in toward a richer, fuller, healthier life.
