The Caminos Spanish course places emphasis on cultural awareness of Spain and Spanish-speaking countries, providing pupils with an informed insight into the lives and concerns of their peers overseas. The communicative approach of the series means that pupils are encouraged from the start to express themselves, their feelings and opinions in the target language, acquiring all the language skills they need for effective communication.

estadísticas de la investigación en ciencias del comportamiento. Se incluyen un conjunto de actividades que pueden realizarse de manera autónoma o con la guía del profesorado. Las propuestas incluyen recogida y análisis de resultados, además de una reflexión sobre todo el proceso seguido. Asimismo, se ilustran diferentes técnicas de registro (observación, entrevista, cuestionario, análisis de redes sociales) y procedimientos de análisis (análisis de contenido, estadística descriptiva e inferencia estadística), dedicando un capítulo a las particularidades de cada técnica y procedimiento, siempre contextualizando las actividades mediante investigaciones que realmente se llevan cabo. Se proporcionan, por lo tanto, herramientas útiles a la hora de

enfrentarse con la necesidad de obtener evidencia empírica sólida. Trabajar el presente documento y consultar la bibliografía recomendada posibilitará evaluar la validez de las conclusiones de los estudios que un profesional necesita conocer, lo cual permitirá sentar unas bases sólidas del conocimiento y de la práctica profesional.

This new book, *Processing Instruction: Theory, Research, and Commentary*, edited by Bill VanPatten--a pioneer in processing instruction (PI)--is a refreshing presentation of 10 related and not widely available articles that illustrate the role of processing instruction in second language acquisition. The articles provide both historical and current context, as well as describe the influence of the input

processing model on PI. The contents include empirical papers presenting new data that demonstrate both the theoretical and pedagogical threads of research. Aside from simply establishing where PI stands in the field of instructed SLA, the book addresses issues, such as processing instruction versus other types of instruction; the impact of processing instruction on various linguistic structures; the role of explicit information in instructional intervention; and the long-term effects of processing instruction. Each section of the book is highlighted by commentaries from noted researchers in instructed SLA. An attempt was made to include voices that offer critical perspectives on various issues of PI research. The book achieves an unusually balanced approach to a

subject that has stirred debate in the field. Processing Instruction: Theory, Research, and Commentary will serve as an important source of information regarding research methodology and replication in second language acquisition. It will also be useful in graduate courses where students need exposure to research design and is especially useful for illustrating the usefulness of replication in SLA research.

multiple exposures to language and systematic, intensive recycling. Goals- and achievement-based lessons with can-do statements enable students to confirm their progress. Top Notch builds confidence for successful oral expression through an expanded speaking pedagogy and prepares students for academic work through the development of critical thinking skills and reading and listening strategies.

A PBS Great American Read Top 100 Pick With extraordinary relevance and renewed popularity, George Orwell's 1984 takes on new life in this edition. "Orwell saw, to his credit, that the act of falsifying reality is only secondarily a way of changing perceptions. It is,

above all, a way of asserting power.”—The New Yorker In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. Lionel Trilling said of Orwell's masterpiece, "1984 is a profound, terrifying, and wholly fascinating book. It is a fantasy of the political future, and like any such fantasy, serves its author as a magnifying device for an examination
