This text has been written so that it is current with all issues inherent in accounting and auditing practice, particularly in public accounting firms including coverage of the creation of the Public Companies Accounting Oversight Board, the passage of the Sarbanes-Oxley Act, and all of the major pronouncements issued by the AICPA. The text is also designed to provide flexibility for instructors; the twelve chapters focus on the auditing process while the eight modules provide additional topics that can be taught at the instructors' discretion without interrupting the flow of the text.

Modern Auditing and Assurance Services 5th edition has been thoroughly updated in accordance with the Clarity Auditing Standards and presents a current and thorough coverage of audit and assurance services. The increased focus on contemporary audit practice - including professional ethics and ethical competence, governance and professional independence, and changes in legal liability for the audit profession - will equip students with the necessary knowledge and skills required by the profession.

Focusing on auditing as a judgment process, this unique textbook helps readers strike the balance between understanding auditing theory and how an audit plays out in reality. The only textbook to provide complete coverage of both the International Auditing and Assurance Standards Board and the Public Company Accounting Oversight Board, Auditing reflects the contemporary evolution of the audit process. New additions to the book include expert updates on key topics, such as the audit of accounting estimates, group audit, and the Integrated Audit. Supplemented by extra on-line resources, students using this established text will be well-equipped to be effective auditors and to understand the role of auditing in the business world.

"Includes coverage of international standards and global auditing issues, in addition to coverage of PCAOB Auditing Standards, the risk assessment SAs, the Sarbanes/Oxley Act, and Section 404 audits."
