Exercises physical object begin by measuring. Use a ruler and a set of calipers to measure all the surfaces of the object and make notes and a sketch. Once you are finished gathering data you can use your notes to create a set of orthographics in Illustrator. And that brings us to the world of isometrics.

Exercises
0. Step 1. Isometric drawing
- step 2. Step 2. - The
angle of the inclined
surface cannot be
transferred directly. Locate
the corners of the inclined
surface and then draw lines
to connect the corners •
Notice that edges that are
parallel in the orthographic
views will also be parallel
in the isometric drawing.
Step 2.
