Grilling For Dummies, 2nd Edition provides readers with the how-to and what-to cook information they need to make their grilling season hot. It also offers tips sure to benefit grillers of all levels, including basic information on equipment; grill setup and maintenance; new grilling techniques for meat, poultry, seafood, and vegetables; and new and updated grilling recipes.

Just about anyone can grill a burger or steak without a cookbook, but rotisserie grilling is tricky. The Rotisserie Grilling Cookbook is your secret weapon. With everyday grilling, most people cook things with roughly even thickness and they can tell when the meats are done just by eyeballing them. Consider something bigger, like a leg of lamb, a whole turkey, or a full pork shoulder, and you have a problem-most grills will completely char the outside long before the inside is cooked to a safe temperature. The solution: get a rotisserie. The Rotisserie Grilling Cookbook shows how to set up, maintain, use and troubleshoot a rotisserie spit. It includes 105 recipes to expand your outdoor cooking repertoire, including a dry-brined Thanksgiving turkey, a whole country ham for other holidays, a whole chicken, duck, game hens, and big cuts like a beef ribeye roast or a leg of lamb. Beyond the meat recipes that are the core of the book, it includes rubs, glazes, and mops that are specifically crafted for long, slow cooking over a rotisserie, and even some ideas, like a spit-roasted whole pineapple, from beyond the world of poultry and meats.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

"One icy winter's evening in Budapest, a man runs straight into John Taylor as he walks home through the narrow streets. John falls over into the snow and looks up at the man's face. 'I felt very afraid. Because what I saw was me. My face looking down at me. My mouth saying sorry.' Who is the man, and how will John's life change?
