The Leader's Guide to Coaching & Mentoring is a highly practical handbook that helps managers get the most out of their people. It includes grounded advice on the practicalities of

both coaching and mentoring – such as how to structure a session – as well as core content on:

- The skills required for coaching and mentoring, including listening, questioning, observing body language, challenging and affirming
- The established processes for coaching and mentoring, such as GROW, relational coaching, reverse mentoring and solution-focused coaching
- The scenarios in which coaching and mentoring skills are particularly appropriate, for example, coaching under-performers, coaching star performers and coaching for career development

There is also a handy section on the 10 pitfalls to avoid when coaching or mentoring. Written in the no-nonsense and engaging style of the other Leader's Guide books, this is the best tool on the market for managers wanting to coach their people to optimum performance. 'In this hands-on book, Mike and Fiona highlight the real difference between conventional management and effective leadership: management is a profession, while coaching is much wider; it encourages social interaction and a focus on human relationships at work. That's what new generations expect and respect.' Laurent Choain, Chief People & Communication Officer, Mazars Group 'It's not always easy for managers to recognise what real coaching is, let alone its value. This book makes a compelling case for the Manager as Coach and contains real, usable examples of how to go about it.' Ian Johnston, Chief Executive, Dubai Financial Services Authority

The Business Coaching Handbook reveals what business coaching IS, how to assess the shape of your business and what steps you need to put in place to grow a successful business. This book has been compiled for business entrepreneurs who have recently achieved the first goal of getting the enterprise up and running or, have been operating their own professional practice or business for a few years and now want to take it to the next level.

Coaching and mentoring as management approaches have spread rapidly across the Asia Pacific region. Basic concepts of supporting people in their learning, in their career journeys, and in the acquisition of wisdom are deeply rooted in all cultures, yet today, there is little agreement about what constitutes good practice. Coaching and Mentoring in the Asia Pacific is the first book to put coaching and mentoring into an Asia Pacific context – exploring the challenges, benefits and differences in application, both in concept and practice. Opening with a foreword from Anthony Grant, this book provides commentaries and practical case studies from a wide variety of countries, sectors and perspectives. The authors show how organizations in the Asia Pacific Region can make effective use of this powerful developmental tool, in cost-effective, culturally relevant ways. This book will be invaluable reading for students and practitioners based in, planning to work in, or curious about coaching and mentoring in the Asia Pacific.
