A speaking and listening course for people who need to communicate effectively in everyday business situations.

Provides extra classroom practice, homework, or independent learning when in-class participation is not possible. Feature two pages of exercises for each lesson in the student book, grammar charts and an answer key, practice reading and interpreting real-life documents.

A speaking and listening course for people who need to communicate effectively in everyday business situations.

Ventures is a six-level, standards-based ESL series for adult-education ESL. The Workbook provides reinforcement exercises for each lesson in the Student's Book, an answer key for self-study, grammar charts, and examples of a variety of forms and documents.

English for Business Studies is a course for students who need to be able to understand and talk about key business and economic concepts. The 30 units cover a range of issues, including work and motivation, production, marketing, banking, business ethics, exchange rates and international trade. The second edition contains two new chapters: Information and Electronic Commerce, and Entrepreneurs and Venture Capital. It also includes a full update of the existing units. The cassettes and audio CDs contain authentic interviews with experts talking about their field of business or economics.

In *Don't Mess It Up: How Founders and Their Successors Can Avoid the Clichés That Inhibit Growth*, author and six-time second CEO Les Trachtman offers his expertise on the most effective ways to successfully hand off your company to a worthy successor. He also has advice for those who are inheriting a business and want to take it to the next level, as well as for boards who are dealing with these leadership transitions. In his direct, no-nonsense approach, Les shows readers how seemingly harmless business clichés such as "get it right" and "be careful" can have a detrimental effect on a company's future by conveying that such imperative ingredients such as risk and innovation are things to now be avoided. Readers will learn how to:

- Understand the metamorphosis required to transition from great founder to great CEO
- Know when, and if, it's time to replace yourself
- Pick the right successor
- Prepare yourself and your company for the fragile transition
- Create a successful CEO transition
- Separate yourself from the company

There is likely no one more experienced in founder transitions than Les Trachtman. He has been an innovative and respected successor at six different companies; let his hard-won advice guide you through your transition and toward success.

The new edition of the definitive guide for venture capital practitioners—covers the entire process of venture firm formation &

management, fund-raising, portfolio construction, value creation, and exit strategies Since its initial publication, *The Business of Venture Capital* has been hailed as the definitive, most comprehensive book on the subject. Now in its third edition, this market-leading text explains the multiple facets of the business of venture capital, from raising venture funds, to structuring investments, to generating consistent returns, to evaluating exit strategies. Author and VC Mahendra Ramsinghani who has invested in startups and venture funds for over a decade, offers best practices from experts on the front lines of this business. This fully-updated edition includes fresh perspectives on the Softbank effect, career paths for young professionals, case studies and cultural disasters, investment models, epic failures, and more. Readers are guided through each stage of the VC process, supported by a companion website containing tools such as the LP-GP Fund Due Diligence Checklist, the Investment Due Diligence Checklist, an Investment Summary format, and links to white papers and other industry guidelines. Designed for experienced practitioners, angels, devils, and novices alike, this valuable resource: Identifies the key attributes of a VC professional and the arc of an investor's career Covers the art of raising a venture fund, identifying anchor investors, fund due diligence, negotiating fund investment terms with limited partners, and more Examines the distinct aspects of portfolio construction and value creation Balances technical analyses and real-world insights Features interviews, personal stories, anecdotes, and wisdom from leading venture capitalists *The Business of Venture Capital, Third Edition* is a must-read book for anyone seeking to raise a venture fund or pursue a career in venture capital, as well as practicing venture capitalists, angel investors or devils alike, limited partners, attorneys, start-up entrepreneurs, and MBA students.

Richard Branson is a well-known international entrepreneur, and his lessons in life and in business, have served as an inspiration for everyone who dreams of pursuing a career in business, and seeks to make a name for themselves in the competitive world around them. In this book, you will learn about Branson, his different businesses as well as lessons he learned along the way that you can integrate in your daily life. This isn't a biography, it is more about how Branson got started in business, how he managed them, and how he handled failures and criticisms. This book also offers tips, advice, and secrets of how Branson achieved success in business, in spite of his many failures and the obstacles he faced along the way. If you want to achieve success like Richard Branson as an entrepreneur, planning to establish your own business, this book will prove to be a useful source of inspiration to help you along the way.

*Ventures 3rd Edition Basic Student's Book* has 10 units with six lessons each, based on relevant adult-learner themes. Two-page lessons are designed for an hour of classroom instruction and are aligned to teach students the skills needed for success in college and careers. Culture notes, speaking, reading, and writing tips enrich and support

exercises. Review Units include sections focusing on pronunciation. Students can access audio and grammar presentation videos using the QR codes found throughout the book.

The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.
