Financial Reporting: An Accounting Revolution (Book)

The SA Institute of Business Accountants (Saiba) commissioned Tangent Solutions to research how the Fourth Industrial Revolution (4IR) will impact the accounting profession. The report outlines a plausible guide for the future of finance executives operating in the 4IR.

How the Fourth Industrial Revolution is Reshaping Accounting

Accounting and the Fourth Industrial Revolution For accounting professionals, the analyses of blockchain and AI will be most interesting, promising but most certainly perilous. Schwab's asserts that "AI is good at matching patterns and automating processes, which makes the technology amenable to many functions in large organizations."
