This guide on lead safety work practices was developed by the HUDs Office of Lead Hazard Control. If you perform routine maintenance on homes or apartments built prior to 1978, this guide will help you plan and safely carry out the work, while minimizing the disturbance of lead-based paint. Step-by-step instructions detail what you need to do to work smart and work safe. The guide is easy to understand and small enough to carry to work sites so you can easily follow the instructions inside. There are 5 sections: the basics; before you start work; doing the work; at the end of the job; and resources (glossary). Illustrated with clear and detailed drawings.
