several reviewers - working with reviewers, publishers, institutions, and funding agencies to turn peer review into a measurable research output.

Journal of Malaria Research | Publons

The International Journal of Malaria and Tropical Diseases (IJMTD) (formally known as the Journal of Malaria in Africa and the Tropics (JMAT) is a publication of the malariologists and researchers in tropical diseases. Its aim is to educate, improved the practice of malaria treatment, stimulate research, encourage academic tropical medicine and enhance patient care.

International Journal of Malaria and Tropical Diseases (IJMTD)

Malaria Research and Treatment publishes original research articles, review articles, and clinical studies related to all aspects of malaria.

Malaria Research and Treatment | Hindawi

To maintain momentum towards improved malaria control and elimination, a vaccine would be a key addition to the intervention toolkit. Two approaches are recommended: (1) promote the development and short to medium term deployment of first generation vaccine candidates and (2) support innovation and discovery to identify and develop highly effective, long-lasting and affordable next generation ...

Building momentum for malaria vaccine research and ...

Last year, with the publication of the NIAID Strategic Plan for Malaria Research and the NIAID Research Agenda for Malaria the NIAID outlined its vision of malaria research and development in the context of a changing landscape and provided a framework for future research directions, priorities, and efforts within its purview. We look forward to engaging broadly and working closely with the global research community and other partners to address the challenges and ambitious goals of a most ...
