Your Singer 600 may not bring much money, but it is one of the "good" Singer zigzaggers with metal gears (instead of now-crumby plastic). Someone will want it. You have good photos of the front; I suggest adding photos that show the foot controller (or kneebar if it has that), the serial number, and the embroidery disks. SGAppenzeller, 5 years ago

This 1905 Singer model 24-26 industrial sewing machine has an interesting story. At the turn of the century the war over which was better, lock stitch vs chain stitch, was still very active. The battle cry: "Why use two threads when one works as well," was shouted by chain stitch enthusiasts everywhere, particular in the mass production of clothes where the simpler system saved time and money.
