MIT research shows that enterprises with a top-quartile employee experience achieve twice the innovation, double the customer satisfaction, and 25% higher profits than organizations with a bottom quartile employee experience. Again reiterating the fact, that unless organizations rethink their employee experience, it is unlikely they can amp up business performance.

Article: The Employee Experience advantage — People Matters

Research Shows Organizations That Focus on Employee Experience Far Outperform Those That Don't
Recently a new type of organization has emerged, one that focuses on employee experiences as a way to drive innovation, increase customer satisfaction, find and hire the best people, make work more engaging, and improve overall performance. The Employee Experience Advantage is the first book of its kind to tackle this emerging topic that is becoming the #1 priority for business leaders around the world.

Employee experience can be a bit of a convoluted topic and I've done my best to explore it in my new book, *The Employee Experience Advantage*. But, not everyone is willing or able to read 300 pages about this so I wanted to create a little bit of a cheat sheet which summarizes some concepts and ideas from the book and from my research.
