“The Golden Theme” by Brian McDonald is perhaps one of the truest books on writing I have ever read. It showcases some very simple topics that will help improve your writing tremendously: Good writing is true writing. In order to be a compelling author you must be honest with yourself. All stories are those of survival.

This is such a pleasure, and an eye-opening experience, to read. IMHO this should be part of the storytelling canon (Story by Robert McKee, The Anatomy of Story by John Trudy, Moral Premise by Stanley D. Williams, PhD, Anatomy of a Premise Line by Jeff Lyons, Writing for Emotional Impact by Karl Iglesias, The Golden Theme by Brian McDonald, Hero with a Thousand Faces by Joseph Campbell ...

Religion and politics are important and intertwined themes in The Golden Compass. A mysterious and faceless theocracy called the Church dominates Lyra's world. Yet the novel makes no mention of spirituality in relation to the Church. Rather, religion seems to be little more than a political system.

The easiest way to start using the golden ratio is to implement it within your typographical graphic design elements. For example, let's say that you're using 10pt font for the body text. Using the golden ratio, you can determine the best size for the headings by multiplying by 1.618. So,  $10 \times 1.618 = 16.18$ , which you can round down to 16pt font.

Explain to the kids that each time you hold up the statue that you brought with you, that they have to freeze like a statue. They must hold their frozen statue pose until you are no longer holding the statue up in the air. You will do this multiple times as you tell today's lesson so encourage them to pay close attention.
