~~“The Strange Journey” takes us on a search for the man of Alice’s dreams (in both a literal and figurative sense.) By a strange twist, the very British Alice ends up in Istanbul, and discovers far more than she expected about her history. This novel was just plain fun, with an endearing cast of characters, and an exotic setting.~~

The Strange Case of Dr. Jekyll and Mr. Hyde, novella by Scottish writer Robert Louis Stevenson, published in 1886. The names of Dr. Jekyll and Mr. Hyde, the two alter egos of the main character, have become shorthand for the exhibition of wildly contradictory behaviour, especially between private and public selves. Robert Louis Stevenson.

~~The Strange Case of Dr. Jekyll and Mr. Hyde | Summary - -~~

The Strange Journey of Mr. Daldry is the twelfth novel by the bestselling French author Marc Levy that has been translated into 42 languages. It was released on April 2011. Marc Levy’s novels are often sadly considered as ‘novels for the beach’, as they broach subjects such as love, friendship, family, childhood and loneliness, with often some touches of the supernatural.

However, The Strange Case of Dr. Jekyll and Mr. Hyde clearly implies that words cannot effectively convey reality. Examples of this implication are abundant, but a particular few include Dr. Lanyon’s declaration that he has “brought on” himself “a punishment and a danger” that he “cannot name,” Dr. Jekyll’s statement that his ...

Mr. Utterson is not a fun guy. He is not the life of the party, or even anywhere on the same planet as the life of the party. ...

We all have two lives... The life we know and another one, that lies waiting for us. Alice is a "nose-";a creator of perfumes. She is passionate about her work and her only distraction from her job is her motley group of friends, who convene for late night soirees in her apartment-;much to the annoyance of her cantankerous neighbor Mr. Daldry. On Christmas Eve 1950, something happens that will change Alice's life forever: during an outing to Brighton with her friends, a fortune teller makes a mysterious prediction about Alice's future. Alice has never believed in soothsayers but she cannot stop thinking about the old woman's words. "The most important man in your life was walking behind you a few moments ago. To find him, you will have to undertake a long journey and meet six people who will lead you to him. You have two lives in you, Alice. The life you know and another one, which is waiting for you...' From then on her nights are plagued with nightmares that are as real as they are incomprehensible. Alice's neighbor, Mr. Daldry, notices the unrest that the fortune teller provokes in Alice. For reasons he will not reveal, Daldry encourages Alice to take the predictions seriously and convinces her to set off to find the six people who will shape her fate. To make sure that Alice does not change her mind, the eccentric bachelor even agrees to accompany her on the journey... The Strange Journey of Mr. Daldry takes us into the heart of Europe in the 1950s, into lives that are haunted by the demons of a recent past. It's a story of friendship and things left unsaid, personified above all by Mr. Daldry, an unforgettable character who is as passionate as he is restrained, as serious as he is funny, as reliable as he is surprising. "One of Marc Levy's best novels to date.' - Le Figaro "Another success for Marc Levy.' - L'Express

In the Hugo-award winning, epic New York Times Bestseller and basis for the BBC miniseries, two men change England's history when they bring magic back into the world. In the midst of the Napoleonic Wars in 1806, most people believe magic to have long since disappeared from England - until the reclusive Mr. Norrell reveals his powers and becomes an overnight celebrity. Another practicing magician then emerges: the young and daring Jonathan Strange. He becomes Norrell's pupil, and the two join forces in the war against France. But Strange is increasingly drawn to the wild, most perilous forms of magic, and he soon risks sacrificing his partnership with Norrell and everything else he holds dear. Susanna Clarke's brilliant first novel is an utterly compelling epic tale of nineteenth-century England and the two magicians who, first as teacher and pupil and then as rivals, emerge to change its history.

What do you do when you find a stranger in your closet and she can disappear and reappear at whim? What if she then tells you that her body is actually in a coma on the other side of town? What starts off as a dilemma that Arthur is faced with when he discovers Lauren in his apartment, becomes a heartwarming love story.

January 2011 marks the 20th anniversary of the start of Operation Desert Storm, as well as two decades of continuous American military involvement in the Persian Gulf region. A number of questions about that first Gulf War and its consequences have never been answered. Why was President George H.W. Bush so surprised that Saddam Hussein invaded Kuwait? Did America s intelligence community fail to warn him of the threat, or did he ignore their predictions of an invasion? Why did the CIA and the Pentagon deny so vehemently for so long that sick Desert Storm veterans were exposed to Iraq s chemical agents? Patrick G. Eddington tackles these and other questions in Long Strange Journey: An Intelligence Memoir, which details his career as a military analyst at the Central Intelligence Agency from 1988 to 1996. Long Strange Journey is a first-person account of the high-tech, space-based side of the intelligence business. Although President Carter first revealed the existence of our imagery spy satellites nearly 30 years ago, no analyst who has used those systems has written a book on the topic and got it past CIA censors until now. Eddington s tenure at the CIA spanned the transition from the Cold War to the new era of American interventionism in the Persian Gulf and the Balkans. The book draws upon not only his direct experience reporting on these events for senior government policy makers, but also upon thousands of pages of previously classified documents secured through litigation he pursued during the last decade.

A bestselling modern classic-both poignant and funny-about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America’s best-loved novels by PBS’s The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

Traces John Walker Lindh's personal and spiritual transformation from a confused teenager studying Arabic in Yemen to a holy warrior fighting with the Taliban.

The journey through M. R. Carey's "immersive, impeccably rendered world" (Kirkus) -- a world in which nature has turned against us -- continues in The Trials of Koli, book two of the Rampart Trilogy. The earth wants to swallow us whole... Koli never planned to set foot outside his small village. He knew that beyond its walls lay a fearsome landscape filled with choker trees, vicious beasts and Shunned men. But when he was exiled, he had no choice but to journey out into this strange world where every moment is a fight for survival. And it's not just Koli's life that is threatened. Whole villages just like his are dying out. But

From the 14th century onward, political and religious motives led Ethiopian travelers to Mediterranean Europe. For two centuries, their ancient Christian heritage and the myth of a fabled eastern king named Prester John allowed the Ethiopians to engage the continent's secular and religious elites as peers. Meanwhile, back home the Ethiopian nobility came to welcome European visitors and at times even co-opted them by arranging mixed marriages and bestowing land rights. The protagonists of this encounter sought and discovered each other in royal palaces, monasteries, and markets throughout the Mediterranean basin, the Red Sea, and the Indian Ocean littoral, from Lisbon to Jerusalem and from Venice to Goa. Matteo Salvatore's narrative takes the reader on a voyage of reciprocal discovery that climaxed with the Portuguese intervention on the side of the Christian monarchy in the Ethiopian-Adali War. Thereafter, the arrival of the Jesuits at the Horn of Africa turned the mutually beneficial Ethiopian-European encounter into a bitter confrontation over the souls of Ethiopian Christians.

Mark Prescott's not your typical 10-year-old kid. He has a best friend who's a girl, a mind that has to have answers, and a need to have things the way they used to be. Before it's all over, he learns priceless lessons about friendship, living with change, and the gift of forgiveness.
