As a result of such initiatives, African Americans managed, just a few decades after the end of slavery, in spite of the jim Crow legislation in place, in spite of lynchings, in spite of a whole system rigged against them, to move little by little up the social ladder, take advantage of manpower needs in fast-growing Northern industries, and ...

Washington was from the last generation of black American leaders born into slavery and became the leading voice of the former slaves and their descendants. They were newly oppressed in the South by disenfranchisement and the Jim Crow discriminatory laws enacted in the post-Reconstruction Southern states in the late 19th and early 20th centuries.

Booker Taliaferro Washington began life as a slave in Virginia shortly before emancipation, but rose to become one of the most celebrated leaders the African American community has ever had. His principal occupation was as president of the Tuskegee Institute, which he founded in 1881, but he earned national renown as an orator, writer and political advisor. His address at the Atlanta Exposition was a pivotal moment in race relations in America. Washington believed deeply in the dignity of physical labor, and that merit and talent are eventually rewarded regardless of race or class. The Tuskegee Institution was primarily a technical college, and aimed to teach industrial skills in addition to academic training. Students built many of the buildings on the campus, grew the food that was eaten there, and even made the furniture, tools and vehicles used by the school. Up from Slavery was originally published as a serialized work in The Outlook, a Christian magazine based in New York, before being collected in a single volume in 1901. This edition includes an introduction by Walter H. Page, a future U.S. ambassador to the United Kingdom. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Deals partly with the establishment of the Tuskegee Normal and Industrial Institute.

Delve into the turbulent roots of race relations in the United States with this inspirational account from Booker T. Washington, a one-time slave who became an important advocate for African-American education and founded several well-known institutions of higher learning, including the Tuskegee Institute in Alabama. Up From Slavery details Washington's life and outlines his sometimes-controversial views on education, social justice, and racial equality.

Washington (1856-1915) rose to become the most influential spokesman for African Americans of his day. In this eloquently written book, he describes events in a remarkable life that began in bondage and culminated in worldwide recognition.

Up from Slavery is the 1901 autobiography of American educator Booker T. Washington. The book describes his personal experience of having to work to rise up from the position of a slave child during

In 1974 Charles W. Colson pleaded guilty to Watergate-related offenses and, after a tumultuous investigation, served seven months in prison. In his search for meaning and purpose in the face of the Watergate scandal, Colson penned Born Again. This unforgettable memoir shows a man who, seeking fulfillment in success and power, found it, paradoxically, in national disgrace and prison. In more than three decades since its initial publication, Born Again has brought hope and encouragement to millions. This remarkable story of new life continues to influence lives around the world. This expanded edition includes a brand-new introduction and a new epilogue by Colson, recounting the writing of his bestselling book and detailing some of the ways his background and ministry have brought hope and encouragement to so many.

Narrative of the Life of Frederick Douglass is an 1845 memoir and treatise on abolition written by famous orator and former slave Frederick Douglass during his time in Lynn, Massachusetts[1]. It is generally held to be the most famous of a number of narratives written by former slaves during the same period. In factual detail, the text describes the events of his life and is considered to be one of the most influential pieces of literature to fuel the abolitionist movement of the early 19th century in the United States.

DIVMore than 2,000 former slaves provide first-person accounts in blunt, simple language about their lives in bondage. Illuminating, often startling information about southern life before, during, and after the Civil War. /div

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work.
