A style guide is known in online marketing as a set of rules for the uniform design of an online presence. Your online presence isn't just your website – it also accounts for social networks and apps. A

Online Library Web Style

style guide works in partnership with corporate design and corporate identity to represent a company. It ensures that the visual identity of a company is immediately recognizable online.

*Web style guides -
IONOS Digitalguide*
Traditionally these style guides were created as

Online Library

Web Style

books which would be shared around to anyone who needed them.

Nowadays it's just as popular to create a webpage dedicated to the company's branding guidelines. The following illustrative examples demonstrate the most important facets of any online style guide. If you're designing an online
