“ Christakis . . . expertly weaves academic research, personal experience and anecdotal evidence into her book . . . a bracing and convincing case that early education has reached a point of crisis . . . her book is a rare thing: a serious work of research that also happens to be well-written and personal . . . engaging and important. ” --Washington Post "What kids need from grown-ups (but aren't getting)...an impassioned plea for educators and parents to put down the worksheets and flash cards, ditch the tired craft projects (yes, you, Thanksgiving Handprint Turkey) and exotic vocabulary lessons, and double-down on one, simple word: play." --NPR The New York Times bestseller that provides a bold challenge to the conventional wisdom about early childhood, with a pragmatic program to encourage parents and teachers to rethink how and where young children learn best by taking the child ' s eye view of the learning environment To a four-year-old watching bulldozers at a construction site or chasing butterflies in flight, the world is awash with promise. Little children come into the world hardwired to learn in virtually any setting and about any matter. Yet in today ' s preschool and

kindergarten classrooms, learning has been reduced to scripted lessons and suspect metrics that too often undervalue a child's intelligence while overtaxing the child's growing brain. These mismatched expectations wreak havoc on the family: parents fear that if they choose the "wrong" program, their child won't get into the "right" college. But Yale early childhood expert Erika Christakis says our fears are wildly misplaced. Our anxiety about preparing and safeguarding our children's future seems to have reached a fever pitch at a time when, ironically, science gives us more certainty than ever before that young children are exceptionally strong thinkers. In her pathbreaking book, Christakis explains what it's like to be a young child in America today, in a world designed by and for adults, where we have confused schooling with learning. She offers real-life solutions to real-life issues, with nuance and direction that takes us far beyond the usual prescriptions for fewer tests, more play. She looks at children's use of language, their artistic expressions, the way their imaginations grow, and how they build deep emotional bonds to stretch the boundaries of their small worlds. Rather than clutter their worlds with more and more stuff, sometimes the wisest course for us is to learn how to get out of their way. Christakis's message is energizing and reassuring: young children are inherently powerful, and they (and their parents) will flourish when we learn new ways of restoring the vital early learning environment to one that is best suited to the littlest learners. This bold and pragmatic challenge to the conventional wisdom peels back the mystery of childhood, revealing a place that's rich with possibility.

A New York Times-bestselling author looks for the meaning of a good life by seeking advice from the very young and the very old. When his first book tour ended, Brad Montague missed hearing other people's stories so much that he launched what he dubbed a Listening Tour. First visiting elementary schools and later also nursing homes and retirement communities, he hoped to glean new wisdom as to how he might become a better grownup. Now, in this playful and buoyant book, he shares those insights with rest of us --timeless, often surprising lessons that bypass the head we're always stuck in, and go straight to the heart we sometimes forget. Each of the book's three sections begins with the illustrated story of "The Incredible Floating Girl." Brad weaves this story together with lessons of success, fear, regret, gratitude, love, happiness, and dreams to reveal the true reason we are here: to fly, and to help others fly. Beautifully designed and featuring Montague's own whimsical 4-color illustrations that appeal to the kid in all of us, *Becoming Better Grownups* shares the purpose and meaning we can all discover merely by listening, and reveals that--in a world that seems increasingly childish--the secret to joy is in fact to become more childlike.

INSTANT #1 BESTSELLER! A brand-new book from the #1 bestselling author of *The Break* and *The Woman Who Stole My Life*. They're a glamorous family, the Caseys. Johnny Casey, his two brothers Ed and Liam, their beautiful, talented wives and all their kids spend a lot of time together--birthday parties, anniversary celebrations, weekends away. And they're a happy family. Johnny's wife, Jessie--who has the most money--insists on it. Under the surface, though, conditions are murkier. While some people clash, other people like each other far too much . . . Still, everything manages to stay under control--that is, until Ed's wife, Cara, gets a concussion and can't keep her thoughts or opinions to herself. One careless remark at Johnny's birthday party, with the entire family present, and Cara starts spilling all their secrets. As everything unravels, each of the adults finds themselves wondering if it's--finally--the time to grow up.

The best-selling author of *BRINGING UP BÉBÉ* investigates life in her forties, and wonders whether her mind will ever catch up with her

face. When Pamela Druckerman turns 40, waiters start calling her "Madame," and she detects a disturbing new message in men's gazes: I would sleep with her, but only if doing so required no effort whatsoever. Yet forty isn't even technically middle-aged anymore. And after a lifetime of being clueless, Druckerman can finally grasp the subtext of conversations, maintain (somewhat) healthy relationships and spot narcissists before they ruin her life. What are the modern forties, and what do we know once we reach them? What makes someone a "grown-up" anyway? And why didn't anyone warn us that we'd get cellulite on our arms? Part frank memoir, part hilarious investigation of daily life, *There Are No Grown-Ups* diagnoses the in-between decade when...

- Everyone you meet looks a little bit familiar.
- You're matter-of-fact about chin hair.
- You can no longer wear anything ironically.
- There's at least one sport your doctor forbids you to play.
- You become impatient while scrolling down to your year of birth.
- Your parents have stopped trying to change you.
- You don't want to be with the cool people anymore; you want to be with your people.
- You realize that everyone is winging it, some just do it more confidently.
- You know that it's ok if you don't like jazz.

Internationally best-selling author and New York Times contributor Pamela Druckerman leads us on a quest for wisdom, self-knowledge and the right pair of pants. A witty dispatch from the front lines of the forties, *There Are No Grown-Ups* is a (midlife) coming-of-age story, and a book for anyone trying to find their place in the world.
